

Overview

The C3-OTG Video recording Pen looks and functions as an executive ball point pen, there is a tiny lens just above the pen clip and behind the clip is a high performance microphone which is not visible.

The C3-OTG has 720P HD video recording resolution and excellent audio capture ability which makes this device such a premium solution.

This device has a discreet activation switch on the top of the device which cannot be visibly identified as a switch. The C3-OTG has a motion detection mode as well as continuous recording and the ability to take high resolution still images.

All mechanical inputs on this device are hidden inside the body of the pen, users can easily access the charge/offload port by unscrewing the device to access the port.

The C3-OTG has an internal battery which can record HD video for 60 minutes on one charge.

C3-OTG comes supplied with 128GB Class 10 SD Card and a Powerbank which can extend the recording time of the device to just over 3.5 hours.

Specifications

Image sensor	1.3 MP CMOS
Video resolution	1280 × 720 (HD 720p)
Frame rate of the Miniature audio-video camcorder	30 fps
Image resolution	none
Video format	AVI
Video compression	MJPEG
Video data rate	16.4 Mbps
Audio codec	PCM
Audio data rate	128 Kbps
Sampling frequency	8 kHz
Format	mono
Data storage	microSD/SDHC up to 128 GB (Included 128GB SD)
Data compression	8 GB / 1h
Supported operating systems	Windows 2000, Windows XP, Windows Vista, Windows 7, Windows 8, 10 & MAC OS
Interface	USB 2.0 High Speed
Dimensions	82 × 26 × 13.5 mm
Weight	22 g

Features

- Digital Camcorder
- HD(720P) Video Recording (Resolution : 1280 × 720)
- Motion Detection Recording
- High Quality Video & Audio Recording
- One-touch Quick Video Recording
- Date & Time Indication in Playback
- Safe Automatic File Splitting(per 10 min.) & Saving
- Battery Life : 1 hour in Continuous Recording, 3.5 hours if using External Battery Pack (supplied)
- Battery Charging Time : 90 Minutes
- OS – Windows/Mac/iPhone/Android
- Video Recording Time :
 - 2 hours/16GB, 4 hours/32GB, 8 hours/64GB, 16 hours/128GB
- Video : Format – MJPG, Bit rate - 16.4Mbps, Display aspect ratio - 16: 9, Frame rate - Max 30fps
- Audio : Format - Microsoft PCM, Bit rate - 128Kbps, Channel : 1, Sampling rate - 8000 Hz
