- DATA EXTRACTION FOR IPHONE & ANDROID
- WINDOWS OS DELETED DATA RECOVERY
- WINDOWS AUDIO SURVEILLANCE SOFTWARE
- USED BY LE, INVESTIGATORS & SOC TEAMS

Apple iPhone Apple iPad
Macintosh Windows

Product Code: PBN-CAPKIT

Automatic Data cloning kit, deploy on virtually any operating system to automatically clone photos and video content.

Capturra Action drive can be configured to search and clone many other file types, by default it is set for Photos & Videos.

Store thousands of images on the Capturra drive, over 150K Images or over 100 hours of Video content.

Ideal for device inspections, easy to use and deploy, once duplication is complete users can take content away for analysis.

Leaves no trace on target device, comes included with multiple connectivity accessories.

Kit includes a hard-shell portable carry case and multiple connectivity accessories.

CAPTURRA ACTION DRIVE KIT

- DIGITAL CLONING SYSTEM
- WINDOWS, MAC, IPHONE & ANDROID
- DIGITAL EVIDENCE AUTOMATIC BACKUP
- PORTABLE 1TB DRIVE & CLONING SOFTWARE
- MEDIA READER ACCESSORIES & OTG
- LEAVES NO TRACE ON TARGET DEVICES
- UNLIMITED USE

Product Code: PBN-PVIK

The Photo & Video investigation kit is used to ensure digital devices are sanitized from illicit content, automatically capture photo & video content.

Users can advance the examination using the illicit imaging tool alongside the captured content, easily identify and capture illicit images from any device.

Used by Education establishments and Department of Correction Institutions to safeguard systems onsite and ensure computers are digital sanitized.

Capturra drive has 1TB storage capacity and includes data cloning software, illicit imaging software is supplied on a separate drive.

Kit includes a hard-shell portable carry case and multiple connectivity accessories.

PHOTO & VIDEO INVESTIGATION KIT

- PHOTO & VIDEO CLONING SOFTWARE
- ILLICIT IMAGE INSPECTION SOFTWARE
- AUTOMATICALLY CLONE THOUSANDS OF IMAGES
- AUTOMATICALLY SCAN FOR ILLICIT IMAGES
- WINDOWS, MAC, IPHONE & ANDROID
- LEAVES NO TRACE ON TARGET DEVICES
- UNLIMITED USE

Product Code: PBN-IRS

Acquire data from any iPhone using the iRecovery Stick for iPhone and iPad.

Search the data using the onboard Search filter system using the keyword search on the user interface.

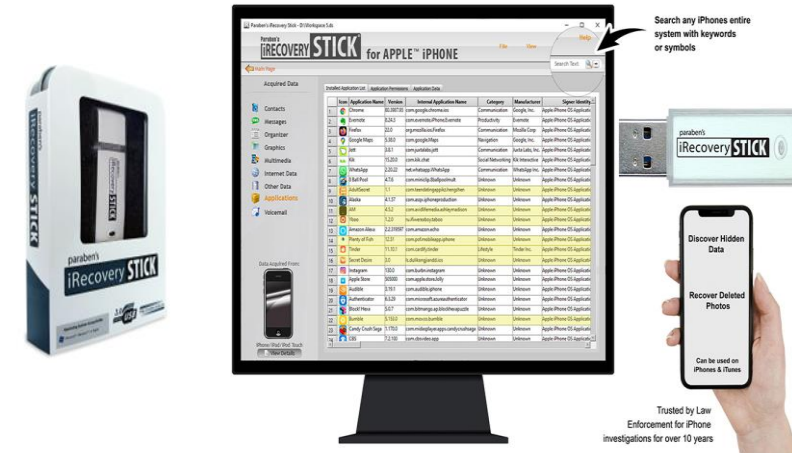

Explore hidden data that users cannot view on the iPhone, examine data sets that are unique to the user of the device.

Bookmark and export content for case creation and evidentiary purposes.

Works with all iPhone and iPads and can be remotely updated when new IOS updates are released.

IRECOVERY STICK FOR IPHONE

- DATA EXTRACTION FOR IPHONE & IPAD
- BOOKMARK, EXTRACT & EXPORT DATA
- UNLIMITED USE WITH FREE UPDATES
- LEAVES NO TRACE OF EXTRACTION ON TARGET
- USED BY LE, INVESTIGATORS & LAW OFFICES
- DISCOVER HIDDEN CONTENT
- FOR USE WITH WINDOWS OPERATING SYSTEMS

Product Code: PBN-PRS

Acquire data from any Android device using the Phone Recovery Stick.

Search the data using the onboard Search filter system using the keyword search on the user interface.

Explore hidden data that users cannot view on an Android device, examine data sets that are unique to the user of the device.

Bookmark and export content for case creation and evidentiary purposes.

Works with all Android devices including Cell Phones & Tablets.

PHONE RECOVERY STICK FOR ANDROID

- DATA EXTRACTION FOR ANDROID CELL PHONE & TABLETS
- BOOKMARK, EXTRACT & EXPORT DATA
- UNLIMITED USE WITH FREE UPDATES
- LEAVES NO TRACE OF EXTRACTION ON TARGET
- USED BY LE, INVESTIGATORS & LAW OFFICES
- DISCOVER HIDDEN CONTENT
- FOR USE WITH WINDOWS OPERATING SYSTEMS

Product Code: PBN-VL4W

Remotely record audio from a Windows computer or laptop.

Automatic covert email relay with audio files attached, steal mode operates covertly.

Uses the Computers sound card as an audio microphone.

Listen to sounds made around the computer's location.

Listen to recordings of Skype conversations and other apps, made through the computer

Voice logger can be used on 1 computer at a time, use on as many computers as needed.

VOICE LOGGER FOR WINDOWS

- REMOTE AUDIO MONITORING
- STEALTH AUDIO SOFTWARE FOR WINDOWS
- USES PC/LAP SOUND CARD TO RECORD AUDIO
- RECORDS SOUND FROM AND AROUND COMPUTER
- REMOTELY ACCESS RECORDED FILES
- RECORD SKYPE & OTHER VOIP CALLS
- FOR USE WITH WINDOWS OPERATING SYSTEMS

Product Code: PBN-CLK

Cloakey provides instant PRIVACY online.

Browse the real untraceable Internet by launching TOR browser through Cloakey. Perform sensitive research using the most secure and private browser.

Use the Password generator to store your passwords, access them anytime by plugging in Cloakey.

Use the Encryption tools to encrypt data.

All tools are built inside a tiny 32GB drive which can fit easily onto your keys.

Escape mainstream Internet and trackers instantly using Cloakey.

Works with Windows Operating Systems

CLOAKY PRIVACY BROWSING TOOLKIT

- INSTANT ACCESS TO TOR BROWSER
- THE MOST SECURE BROWSING EXPERIENCE
- PERFORM SENSITIVE RESEARCH ANONYMOUSLY
- BUILT IN PASSWORD MANAGER
- BUILT IN ENCRYPTION SOFTWARE
- TINY DRIVE FITS ONTO KEYS
- FOR USE WITH WINDOWS OPERATING SYSTEMS

Product Code: PBN-RV

Child Monitoring Software compatible with Android Phones OS 10 & Above.

Remote access to the Phones activities including instant access to the GPS Location of the device.

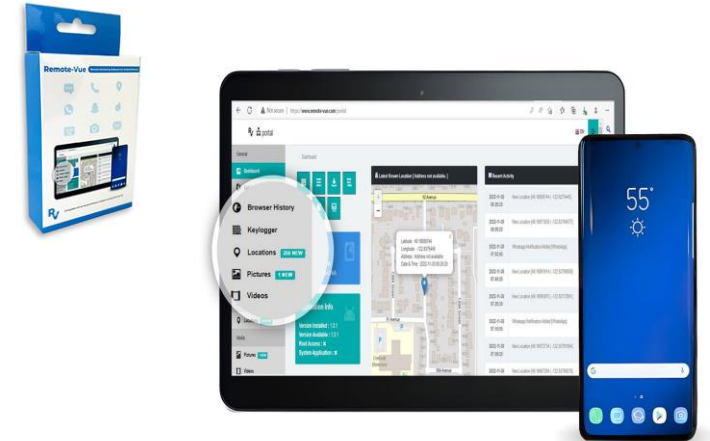

Access Photos and videos held on the device, review contacts, browsing history and apps installed on the Phone.

Covert operation, keep a watchful eye on your child's Phone usage.

12 Month licence, works with all Major Android brands including Samsung, LG, & One Phone.

REMOTE VUE ANDROID MONITORING SOFTWARE

- REMOTE ANDROID PHONE MONITORING
- LIVE ACCESS TO PHONE ACTIVITIES REMOTELY
- GPS, CONTACTS, MESSAGES, PHOTOS & VIDEOS
- REVIEW INTERNET HISTORY
- SELL ALL APPS INSTALLED ON THE PHONE
- WORKS WITH ALL ANDROID PHONES OS 10 & ABOVE
- 12 MONTH LICENCE

Product Code: PBN-SCS

Recover deleted SIM Card data, used by Law Enforcement for SIM Card Investigations for over 20 years.

View recovered deleted data including SMS messages and Last dialled numbers (LDN) .

Easy to use software and hardware system for SIM Card forensic analysis.

Works with Windows Computers Only

Includes SIM Card adapter Kit

SIM CARD SEIZURE

- RECOVER DELETED DATA FROM SIM CARDS
- DELETED SMS DATA RECOVERY
- VIEW LDN INFO - LAST DIALLED NUMBERS
- ADAPTER KIT FOR ALL SIM CARD SIZES INCLUDED
- HARDWARE & SOFTWARE SOLUTION
- USED BY LAW ENFORCEMENT FOR 20 YEARS
- WORKS WITH WINDOWS OPERATING SYSTEMS

Product Code: PBN-DRS

Windows Deleted Data Recovery Tool, runs directly from the USB, recovers deleted data automatically.

Ideal tool for digital emergencies where data is lost on a Windows Computer.

Works with all Windows operating systems including Windows Surface devices.

Recovers vast amounts of deleted data automatically, no technical skills required.

Recovers all types of files including videos. Photos. PPT, Excel and other Windows documents.

DATA RECOVERY STICK FOR WINDOWS OS

- RECOVER DELETED DATA FROM WINDOWS OS
- RECOVERS ALL TYPES OF DELETED FILES
- UNLIMITED USE
- WORKS WITH WINDOWS SURFACE DEVICES
- PLUG & PLAY SOLUTION
- 12 MONTH LICENCE

Product Code: PBN-PDS

Scan any Windows computer for illicit photos and videos using the Porn Detection Stick for Windows OS

Automatically scans a computer's hard drive and duplicates all illicit images and videos

Each scan creates a unique image and video report with a blur feature to protect users from illicit content.

Easily unblur the content by clicking on the image to examine.

Works with all Windows Computers including Surface devices.

PORN DETECTION STICK FOR WINDOWS OS

- AUTOMATICALLY DISCOVER ILLICIT CONTENT
- SCANNING AND FULL REPORTING OF ILLICIT CONTENT
- ABILITY TO DELETE THE CONTENT FORM THE TARGET DEVICE
- BLUR FEATURE TO PROTECT USERS FROM SENSITIVE CONTENT
- SEARCHES EVERYWHERE ON PC, DRIVES, CACHES
- UNLIMITED USE
- COMPATIBLE WITH WINDOWS OS

Product Code: PBN-K-USB-STD

25 Day standby with upto 24 hours of continuous recording.

USB Audio recorder with continuous and sound activated modes.

8GB Internal Storage – Stores upto 288 Hours of Audio files

ALC - Auto Level Control – Allows users to adjust microphone sensitivity.

Time & Date file stamping, records using SVOS technology, calibrated for human sound.

Listen to recordings through any PC or Mac operating system.

USB AUDIO RECORDER 25 DAYS 8GB

- COVERT DUAL AACTION USB AUDIO RECORDER
- 25 DAYS STANDBY UPTO 24 HOURS CONTINUOUS
- VOICE ACTIVATED & CONTINUOUS RECORDING MODES
- 8GB STORAGE UPTO 288 HOURS OF AUDIO STORAGE
- TIME & DATE FILE STAMPING
- ALC – ADJUST MIC SENSITIVITY SETTINGS
- OFFLOAD DATA USING ANY PC/MAC

Product Code: K-USB-OTG

25 Day standby with upto 24 hours of continuous recording OTG Version

USB Audio recorder with continuous and sound activated modes.

8GB Internal Storage – Stores upto 288 Hours of Audio files

ALC - Auto Level Control – Allows users to adjust microphone sensitivity.

Time & Date file stamping, records using SVOS technology, calibrated for human sound.

Listen to recordings through any PC or Mac operating system or any iPhone or Android using the OTG adapter

USB AUDIO RECORDER 25 DAYS 8GB OTG

- COVERT DUAL ACTION USB AUDIO RECORDER WITH OTG
- 25 DAYS STANDBY UPTO 24 HOURS CONTINUOUS
- VOICE ACTIVATED & CONTINUOUS RECORDING MODES
- 8GB STORAGE UPTO 288 HOURS OF AUDIO STORAGE
- TIME & DATE FILE STAMPING
- ALC – ADJUST MIC SENSITIVITY SETTINGS
- OFFLOAD DATA USING ANY PC/MAC
- OFFLOAD DATA THROUGH IPHONE & ANDROID USING OTG ADAPTER

**Product Code: PBN-K-BANK-STD**

Power bank with covert audio recorder onboard – 16GB Capacity

Discreet mode switch on the back of the device, easily switch between voice activated and continuous recording.

Standby battery of upto 150 days on a single charge.

Over 576 hours of storage capacity, capture sounds clearly upto 40 ft away.

150 Days standby battery, Mic sensitivity adjustment and time 7 date stamping configuration software built in.

Three Recording modes - Sound activated, and scheduled recording

Listen to recordings through a PC/MAC

POWERBANK AUDIO RECORDER 16GB

- COVERT AUDIO RECORDER POWERBANK
- CONTINUOUS, VOICE ACTIVATED & SCHEDULED RECORDING MODES
- 16GB - 576 HOURS OF AUDIO STORAGE
- CONTINUOUS RECORDING UPTO 150 HOURS
- TIME & DATE STAMPING
- ALC – MIC SENSITIVITY ADJUSTMENT
- 40 FEET AUDIO CAPTURE
- OFFLOAD USING PC/MAC

**Product Code: PBN-K-BANK-OTG**

Power bank with covert audio recorder onboard – 16GB Capacity

Discreet mode switch on the back of the device, easily switch between voice activated and continuous recording.

Standby battery of upto 150 days on a single charge.

Over 576 hours of storage capacity, capture sounds clearly upto 40 ft away.

150 Days standby battery, Mic sensitivity adjustment and time 7 date stamping configuration software built in.

Three Recording modes - Sound activated, and scheduled recording

Listen to recordings through a PC/MAC or iPhone & Android using included OTG adapter

- COVERT AUDIO RECORDER POWERBANK
- CONTINUOUS, VOICE ACTIVATED & SCHEDULED RECORDING MODES
- 16GB - 576 HOURS OF AUDIO STORAGE
- CONTINUOUS RECORDING UPTO 150 HOURS
- TIME & DATE STAMPING
- ALC – MIC SENSITIVITY ADJUSTMENT
- 40 FEET AUDIO CAPTURE
- OFFLOAD USING PC/MAC OR IPHONE/ANDROID USING OTG

Product Code: PBN-K-ULTRA-STD

Tiny wearable audio recorder with 8GB Internal storage

Time & Date file stamping and Mic sensitivity adjustment software

Clip to attach to clothing for wearable close counter audio recording

Super-fast charge in under 2 hours

Onboard playback using the supplied headphones

Voice activation and continuous recording modes.

PC/MAC Compatible

K-ULTRA TINY CLIP AUDIO RECORDER 8GB

- TINY WRABLE CLIP ON AUDIO RECORDER
- CONTINUOUS & VOICE ACTIVATED RECORDING MODES
- 8GB - 288 HOURS OF AUDIO STORAGE
- RECORDS FOR UPTO 18 HOURS ON ONE CHARGE
- TIME & DATE STAMPING
- ALC – MIC SENSITIVITY ADJUSTMENT
- 40 FEET AUDIO CAPTURE
- OFFLOAD USING PC/MAC

Product Code: PBN-K-ULTRA-OTG

Tiny wearable audio recorder with 8GB Internal storage

Time & Date file stamping and Mic sensitivity adjustment software

Clip to attach to clothing for wearable close counter audio recording

Onboard playback using the supplied headphones

Super-fast charge in under 2 hours

Voice activation and continuous recording modes.

PC/MAC Compatible + iPhone/Android using OTG Adapter

K-ULTRA TINY CLIP AUDIO RECORDER 8GB OTG

- COVERT AUDIO RECORDER POWERBANK
- CONTINUOUS, VOICE ACTIVATED & SCHEDULED RECORDING MODES
- 16GB - 576 HOURS OF AUDIO STORAGE
- CONTINUOUS RECORDING UPTO 150 HOURS
- TIME & DATE STAMPING
- ALC – MIC SENSITIVITY ADJUSTMENT
- 40 FEET AUDIO CAPTURE
- OFFLOAD USING PC/MAC OR IPHONE/ANDROID USING OTG ADAPTER

Product Code: PBN-K-MIC-OTG

Powerful covert audio recorder designed to function as a power bank

64GB Internal storage, storage for over 4000 hours of audio files.

Over 250 days standby battery with 3 recording modes.

Sound activated, continuous recording and scheduled recording.

Listen to recordings on the device or via PC/MAC computers or iPhone & Android using the OTG adapter

K-MIC POWERBANK AUDIO RECORDER 64GB

- COVERT AUDIO RECORDER POWERBANK
- CONTINUOUS, VOICE ACTIVATED & SCHEDULED RECORDING MODES
- 64GB – 4600 HOURS OF AUDIO STORAGE
- 250 DAYS STANDBY BATTERY
- TIME & DATE STAMPING
- ALC – MIC SENSITIVITY ADJUSTMENT
- 40 FEET AUDIO CAPTURE
- OFFLOAD USING PC/MAC OR IPHONE/ANDROID USING OTG ADAPTER

Product Code: PBN-WAT

Covert Audio recorder watch With 8GB Internal Storage

Professional covert wearable audio recorder with 3 operating modes

Voice Activated, Continuous recording and scheduled recording functions.

Time & Date file stamping, covert hidden USB terminal built into watch.

Designed to appear as a modern unisex sports watch.

8GB Internal Storage for upto 288 hours of audio files. Works with PC/MAC

PCM WATCH AUDIO RECORDER 8GB

- COVERT AUDIO RECORDER WATCH
- CONTINUOUS, VOICE ACTIVATED & SCHEDULED RECORDING MODES
- 8GB – 288 HOURS AUDIO FILE STORAGE
- PCM AUDIO QUALITY
- TIME & DATE STAMPING
- ALC – MIC SENSITIVITY ADJUSTMENT
- 30 FEET AUDIO CAPTURE
- OFFLOAD USING PC/MAC

Product Code: PBN-K-PASS

Professional Audio recorder with Password Protection.

Versatile device with multiple uses and secure file storage

Landline connector for recording telephone calls

Lapel Microphone for wearable recording, professional interview recorder.

ALC - Mic sensitivity Adjustment Software

8GB - 1040 hours of Internal storage. PC/MAC compatible

Voice activated, Continuous, Time & Date stamp, onboard playback

Onboard Playback or offload using any PC/MAC

PASSWORD PROTECTED AUDIO RECORDER 8GB

- PASSWORD PROTECTED AUDIO RECORDER
- LANDLINE RECORDER ACCESSORIES
- LAPEL MICROPHONE FOR BODYWORN USE
- ONBOARD PLAYBACK
- TIME & DATE STAMPING
- ALC – MIC SENSITIVITY ADJUSTMENT
- 40 FEET AUDIO CAPTURE
- OFFLOAD USING PC/MAC

Product Code: PBN-K-PEN-OTG

Premium Audio Recorder Pen - Ultra Covert operation

Ultra Covert operation - No LED lights, covert mechanical audio mode switch

USB Terminal hidden inside Pen, unscrew to connect to PC/MAC

8GB storage for upto 288 hours of audio storage

Time & Date stamp with mic sensitivity adjustment software

Can be used as a body worn audio recorder

Functions as a Pen

Voice activation and continuous recording

Offload audio with PC/MAC or iPhone/Android using OTG Adapter

AUDIO RECORDER PEN 8GB OTG

- PREMIUM AUDIO RECORDER PEN
- VOICE ACTIVATED AND CONTINUOUS RECORDING
- COVERT MECHANICAL ACTIVATION SWITCH
- NO LED LIGHTS – ULTRA COVERT OPERATION
- TIME & DATE STAMPING
- ALC – MIC SENSITIVITY ADJUSTMENT
- 8GB – 288 HOURS OF AUDIO FILE STORAGE
- OFFLOAD USING PC/MAC OR IPHONE/ANDROID USING OTG ADAPTER

Product Code: PBN-K16GB

The K16GB USB Audio recorder with 25 days standby battery is an extremely versatile tool which is ideal for anyone wishing to record audio covertly.

The device looks exactly like a standard USB Flash drive and can even store data like an ordinary USB storage device.

Under the hood of this device is a professional audio recorder with the ability to record upto 576 hours of audio files on the 16GB memory capacity.

This tiny device can record crystal clear audio, even if it is hidden in a pocket or a bag.

The SVOS audio technology inside this audio recorder means the device is calibrated to detect for human sound.

K16GB can record in two modes:

Voice Activated Mode – Vox

Continuous Recording mode – Upto 24 hours continuous recording.

USB AUDIO RECORDER 16GB

- PREMIUM USB AUDIO RECORDER WITH ADVANCED MIC CHIPSET TECHNOLOGY & 16GB INTERNAL STORAGE
- DUAL FUNCTION DEVICE WORKS AS A USB DRIVE AND AUDIO RECORDER
- 25 DAYS STANDBY BATTERY & 24 HOURS CONTINUOUS RECORDING
- 24 HOURS OF CONTINUOUS RECORDING ON ONE CHARGE.
- 16GB INTERNAL STORAGE – 576 HOURS STORAGE CAPACITY

Product Code: PBN-MVR-150

Professional Tiny PCM Audio Recorder made in Korea.

Extremely small device with metal magnetic housing.

Easy to conceal due to the miniscule size.

Metal housing has a lanyard hole allowing users to wear the device around their neck.

Continuously record for upto 28 hours or use this device in voice activation mode for upto 14 Days.

Comes with a tiny remote control which connects to the device allowing users to listen with headphones directly from the device.

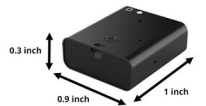

Users can also connect the device to any PC/MAC using the remote controller kit and review audio files.

Capture crystal clear audio using this professional wearable audio recorder, capture crystal clear audio upto 40 Feet away.

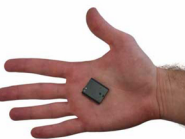

Easily conceal the device closer to intended targets by using the magnetic housing to conceal it on any metal surface.

MINIATURE VOICE RECORDER 150

- WORLDS SMALLEST PCM AUDIO RECORDER
- PREMIUM CONSTRUCTION METAL MAGNETIC HOUSING
- RECORD FOR UPTO 28 HOURS IN A SINGLE CHARGE
- STANDBY BATTERY UPTO 14 DAYS IN VOX MODE
- CAPTURE SOUND UPTO 40 FEET AWAY
- TIME & DATE STAMPING
- PC/MAC COMPATIBLE
- ONBOARD PLAYBACK

- Linear PCM Recording
- 28 Hours Continuous
- Upto 14 Days Standby Battery
- Onboard Playback
- Worlds Small PCM Audio Recorder
- Solid Metal Alloy Magnetic Housing

Product Code: PBN-ASK

Complete Audio surveillance kit.

Contains Audio recorders for all types of recording needs.

Tactical, Interview, Password Protected and Covert Audio solutions

Ideal for Investigative teams and professionals who record audio

Wide variety of connectivity solutions included.

All devices have same adjustment software, trained on one equals trained on all

PC/MAC Compatible & Android & iPhone compatible using OTG adapter

AUDIO SURVEILLANCE KIT

- COMPLETE AUDIO KIT FOR INVESTIGATORS
- AUDIO FOR EVERY SITUATION
- ALL RECORDERS HAVE SAME ALC & TIME/DATE FUNCTION
- PASSWORD PROTECTED AUDIO RECORDER
- LONG LIFE TACTICAL AUDIO RECORDER
- COVERT AUDIO RECORDERS
- MULTIPLE ACCESSORIES FOR VERSATILE USE
- PC/MAC COMPATIBLE & OTG FOR IPHONE/ANDROID

Product Code: PBN-BVCOM

Black Vox Combo kit stored inside Pelican case for protection and transportation.

Black Vox Internal and Black Vox External audio recorders with OTG adapters.

Used by Law Enforcement agencies, Federal surveillance training canters and Investigation agencies.

Premium solutions with mic adjustment and time and date stamping software.

One button operation solutions with zero guess work, tools designed for professional covert surveillance.

BOARDROOM SUPPRESSOR SPEAKER

- PREVENT UNAUTHORIZED AUDIO RECORDINGS IN MEETING ROOMS & OFFICES
- BUILT TO PROTECT COFIDENTIAL DISCUSSIONS FROM UNAUTHORIZED AUDIO RECORDING DEVICES
- AUDIBLE AND SILENT OPERATION MODES
- REMOTE CONTROL OPERATION
- COVERT APPEARANCE – LOOKS LIKE A DESKTOP SPEAKER
- DEFEATS CELLPHONES & DIGITAL AUDIO RECORDERS

Product Code: PBN-BH04PRO

All in one Cyber TSCM Detection – Live Sweep & Event logging System

The BH04PRO Provides users with the most upto date all in one solution for performing a Professional TSCM Sweep.

Combining advanced Live Detection across the whole signal spectrum including 5G and earlier GSM frequencies.

Extremely effective tool for combatting information leakage, built to tackle sophisticated threats which utilize the internet of things – IOT.

TSCM Detector with onboard memory to record event logs.

BH04PRO has two independent search channels with separate Antennas and a built-in frequency meter which can report and identify frequencies extremely quickly.

BH04 PRO TSCM DETECTOR WITH EVENT LOGGING 8GHz

- DETECTS RF SIGNALS OPERATING WITHIN 0.10 MHz to 8000 MHz
- DETECTS 5G SIGNALS AND 2G/3G/4G SIGNALS
- DETECTS WIFI, DECT, GPS, BLUETOOTH AND LTE SIGNALS
- PERFORM LIVE TSCM SWEEPS OF VEHICLES, OFFICES & HOMES
- PERFORM PRESWEEP ANALYSIS USING THE EVENT LOGGING MODE
- DEDUCT SIGNALS USING THE BACKGROUND SUBTRACTION FUNCTION
- COMPREHENSIVE SYSTEM WITH PROFESSIONAL TSCM FUNCTIONS
- AUTO GENERATE EVENT LOG PDF REPORTS USING WIN/LINUX/MAC

Product Code: PBN-BHX

The Expert frequency detector can be used by individuals or security professionals as an effective tool for simultaneously detection and analysis; identifying devices that emit waves between 10 and 3500 MHz

Detect signals such as GSM 2G 3G 4G, Bluetooth, Wi-Fi, DECT frequencies.

The detector packs the latest technologies for even faster and more accurate detection.

Detect GSM frequencies upto 50 Meters away & 5 meters for other radio transmissions.

The small form factor of this device allows it to be used for all types of security threat assessments; quick covert assessment, outdoor assessment (GPS).

The Expert TSCM Bug Detector is an excellent Pro tool in a tiny form factor.

EXPERT LIVE TSCM DETECTOR 0.10-3.5 GHz

- DETECTS RF SIGNALS OPERATING WITHIN 0.10 MHz to 3500 MHz
- DETECTS 2G/3G/4G SIGNALS
- DETECTS WIFI, DECT, GPS, BLUETOOTH AND LTE SIGNALS
- PERFORM LIVE TSCM SWEEPS OF VEHICLES, OFFICES & HOMES
- DEDUCT SIGNALS USING THE BACKGROUND SUBTRACTION FUNCTION
- COMPREHENSIVE SYSTEM WITH PROFESSIONAL TSCM FUNCTIONS UPTO 3500 MHz

Product Code: PBN-TKP

TSCM KIT PRO

The Most advanced TSCM KIT with zero training required, users of the TSCM Kit PRO can instantly begin using the tools inside the TSCM Kit Pro and use the basic functions to get an understanding how to detect and deduct signals.

Users can advance their learning using the TSCM Detector in the kit and learn professional methods of signal deduction and detection using the advanced features such as Background subtraction, Spectrum Analyzer and Event logging.

No other TSCM KIT provides the functionality to accommodate every level of user, ideal for all types of TSCM Professionals regardless of level.

Suitable for new TSCM Operatives who want hands on experience with the advanced systems prior to undergoing formal TSCM training.

Used by TSCM Veterans as an effective solution when a full scope of kit is not an option.

Most competitive method for performing pro longed event logging analysis and pre sweep analysis.

Perform Full TSCM Sweeps - Detect unauthorised RF Signals and discover hidden camera cameras with the Camera lens detector

- COMPLETE TSCM KIT
- LIVE SWEEPING
- EVENT LOGGING ANALYSIS
- HIDDEN CAMERA LENS DETECTOR
- SPECTRUM ANALYZER
- FREQUENCY COUNTER
- DETECTS ALL TYPES OF SIGNALS
- 2 ONBOARD ANTENNAS
- AUTOMATIC EVENT LOG PDF REPORTS
- 2G/3G/4G/5G
- BLUETOOTH/WIFI/DECT/GPS
- ACOUSTIC PROBE
- PERFORM PROFESSIONAL LEVEL SWEEPS
- BACKGROUND SUBTRACTION
- CORPORATE TSCM KIT
- PELI CASE PICK N PLUCK CUSHIONING
- 0.10MHz to 8000 MHz

Product Code: PBN-PS-HE

PHOTOSPHERE 512GB HOME EDITION

PhotoSphere is your own cloud at home.

A device you can connect to all your devices and keep all your important Photos & Videos in one place. Safe at home.

Compatible with iPhone, iPad, Android, Windows & Mac operating systems, PhotoSphere can store all photos and videos no matter which device you are using.

Connect as many devices to PhotoSphere as you need. Connect your families' devices as guest accounts.

PhotoSphere Home edition has 512GB of storage space.

Photosphere gives you a cloud experience in Private, combining security and convenience without monthly costs. You own your own Cloud at home.

Photosphere is designed to protect your privacy and help you organize all your Photo & Videos automatically. Access your content privately. No spam marketing, no creepy trackers, no selling of your data and preferences based on your content.

Never pay for a Google storage plan again. No need for any cloud subscriptions for your Photos and Videos, save upto \$250 a year on subscription plans per person.

- PRIVATE PHOTO & VIDEO MANAGEMENT
- STORE CONTENT BY PLACE, PERSON & TIME AUTOMATICALLY
- STORAGE FOR OVER 100'000 IMAGES
- SAVE OVER 230 HOURS OF VIDEO CONTENT
- PLUG & PLAY SYSTEM
- HARDWIRES INTO YOUR WIFI ROUTER
- CONNECT ALL YOUR DEVICES
- REMOTELY BACKUP FROM ANY DEVICE FROM ANYWHERE
- ADD ACCOUNTS FOR UPTO 100 USERS
- ENCRYPTED STORAGE
- NO MONTHLY FEES, HOME BASED CLOUD STORAGE YOU OWN
- IPHONE, IPAD, ANDROID, WINDOWS & MAC COMPATIBLE

Product Code: PBN-PS-ENT

PHOTOSPHERE 12TB ENTERPRISE EDITION

PhotoSphere Enterprise provides whole teams with centralized cloud like access to important documents including Photos & Videos.

Users can backup important documents including Photos & Videos to Photosphere, from anywhere.

Provide secure encrypted access to users, provide team members with their own digital storage and secure your companies important documents, photos and videos in a centralized location.

Say goodbye to expensive cloud storage which you will never own, take ownership of your company's digital storage needs without the monthly fees.

Compatible with iPhone, iPad, Android, Windows & Mac operating systems, PhotoSphere can store all photos and videos no matter which device team members are using.

Connect as many devices to PhotoSphere as you need, restrict access to specific categories based on user permission.

PhotoSphere Enterprise can store nearly 1 million images on the 12TB internal storage, store over 5000 hours of video content and millions of documents.

Photosphere gives you a cloud experience in Private, combining security and convenience without monthly costs. You own your own Cloud like storage on site, instantly connecting your team no matter where they are based.

- PRIVATE PHOTO & VIDEO MANAGEMENT
